It contains Splunk SPLK-2003 exam questions and answers.

NEW QUESTION: 1 Which types of partners does IBM collaborate with in IOC opportunities?**A.** Data Analytics Partners, Application Partners, and Domain Consultants**B.** Both A and B**C.** None of the above**D.** Systems Integration partners, Hardware/Device partners, and Information and Data partners**Answer: A**Explanation:*IBM Intelligent Operations Center can be integrated with other systems to share data, and visualize andact on events. *IBM Intelligent Operations Center for Smarter Cities offers a centralized, real-time collaborative environment for planning, organizing, monitoring and sharing information across city departments and agencies.It processes data feeds and event information from individual departments and then presents that information in a citywide view.

NEW QUESTION: 2 You want to share a presentation. What can you do? Note: There are 3 correct answers to this question.**A.** Add an external user to the list of recipients.**B.** Customize the notification to inform users that a presentation has been shared.**C.** Make the presentation editable by the recipients.**D.** Freeze the content of the presentation at the moment it is shared. **E.** Revoke access to existing users from seeing the presentation.**Answer: A,D,E**

NEW QUESTION: 3 He was a un-common small man, he really was. Certainly not so small as he was made out to be, butwhere IS your Dwarf as is? He was a most uncommon small man, with a most uncommon large Ed; andwhat he had inside that Ed, nobody ever knowed but himself: even supposin himself to have ever tookstock of it, which it would have been a stiff job for even him to do.The kindest little man as never growed! Spirited, but not proud. When he travelled with the Spotted Babythough he knowed himself to be a nat'ral Dwarf, and knowed the Baby's spots to be put upon him artificial,he nursed that Baby like a mother. You never heerd him give a ill-name to a Giant. He DID allow himselfto break out into strong language respectin the Fat Lady from Norfolk; but that was an affair of the 'art; andwhen a man's 'art has been trifled with by a lady, and the preference giv to a Indian, he ain't master of hisactions.He was always in love, of course; every human nat'ral phenomenon is. And he was always in love with alarge woman; I never knowed the Dwarf as could be got to love a small one. Which helps to keep 'em theCuriosities they are.One sing'ler idea he had in that Ed of his, which must have meant something, or it wouldn't have beenthere. It was always his opinion that he was entitled to property. He never would put his name to anything.He had been taught to write, by the young man without arms, who got his living with his toes (quite awriting master HE was, and taught scores in the line), but Chops would have starved to death, afore he'dhave gained a bit of bread by putting his hand to a paper. This is the more curious to bear in mind,because HE had no property, nor hope of property, except his house and a sarser. When I say his house,I mean the box, painted and got up outside like a reg'lar six-roomer, that he used to creep into, with a diamond ring (or quite as good to look at) on his forefinger, and ring a little bell out of what the Publicbelieved to be the Drawing-room winder. And when I say a sarser, I mean a Chaney sarser in which hemade a collection for himself at the end of every Entertainment. His cue for that, he took from me: "Ladiesand gentlemen, the little man will now walk three times round the Cairawan, and retire behind the curtain."When he said anything important, in private life, he mostly wound it up with this form of words, and theywas generally the last thing he said to me at night afore he went to bed.He had what I consider a fine mind--a poetic mind. His ideas

respectin his property never come upon himso strong as when he sat upon a barrel-organ and had the handle turned. Arter the wibration had runthrough him a little time, he would screech out, "Toby, I feel my property coming--grind away! I'm countingmy guineas by thousands, Toby--grind away! Toby, I shall be a man of fortun! I feel the Mint a jingling inme, Toby, and I'm swelling out into the Bank of England!" Such is the influence of music on a poetic mind.Not that he was partial to any other music but a barrel-organ; on the contrary, hated it.He had a kind of a everlasting grudge agin the Public: which is a thing you may notice in manyphenomenons that get their living out of it. What riled him most in the nater of his occupation was, that itkep him out of Society. He was continiwally saying, "Toby, my ambition is, to go into Society. The curse ofmy position towards the Public is, that it keeps me hout of Society. This don't signify to a low beast of aIndian; he an't formed for Society. This don't signify to a Spotted Baby; HE an't formed for Society. I am."For what purpose does the narrator most likely describe the Dwarf's character in 2nd and 3rd paragraph?**A.** establishes the character has a temper when it comes to love**B.** establishes the character has ability to fall in love**C.** establishes the character as a kind individual**D.** establishes the character as rather proud that his phenomenon is authentic**E.** establishes the character as being quite normal save for size**Answer: E**Explanation:
Explanation/Reference:This section of the passage established most of the selections available, but collectively they establishthat save for size, the Dwarf is in every way normal, even in affairs of the heart.

NEW QUESTION: 4 The corporation has deployed hundreds of RAP3 and all are working. A user has received a RAP3 from the IT department. At his home he connects the Ethernet port to his DSL modem. The corporate SSID is not advertises but an Instant SSID is. What could be the problem?**A.** The activate server does not have this RAPs configured**B.** This RAP was purchased as an IAP and not as a RAP**C.** The RAP3 must be pre-staged**D.** The user must connect his laptop, get the Zero touch window and enter the URL**E.** The corporate Firewall is blocking VPN**Answer: A**Explanation:Explanation7-2 - Mesh
