NEW QUESTION: 1Which of the following commands is most useful for viewing large files?**A.** touch**B.** cp**C.** cat**D.** less**Answer: D****Explanation:**The less command is most useful for viewing large files. The less command displays the output of a file one page at a time. Viewing large files through cat may take more time to scroll pages, so it is better to use the less command to see the content of large files.**Answer A** is incorrect. The cat command is also used to view the content of a file, but it is most useful for viewing short files. **Answer D** is incorrect. The cp command is used to copy files and directories from one location to another. **Answer C** is incorrect. The touch command is not used to view the content of a file. It is used to create empty files or to update file timestamps.
