NEW QUESTION: 1The classic Caesar cipher is a:**A.** Polyalphabetic cipher.**B.** Monoalphabetic cipher.**C.** Code group.**D.** Transposition cipher.**Answer: B****Explanation:**The correct answer is Monoalphabetic cipher. It uses one alphabet shifted three places.**Answers** Polyalphabetic cipher and Transposition cipher are incorrect because in answer a, multiple alphabets are used and in answer Transposition cipher, the letters of the message are transposed.**Answer** Code group is incorrect because code groups deal with words and phrases and ciphers deal with bits or letters.

NEW QUESTION: 2A company is about to begin work on a large construction project to build four new buildings for a bank that wants to open new branches. The sponsor is writing a project charter. She recalls that a previous project the company performed for another bank ran over budget because the team had underestimated the effort required to install the reinforced walls in the vault. The previous project manager had documented the details of the lessons learned from this project. Where should the sponsor look for these lessons learned?**A.** The company's organizational process assets**B.** The project's performance reports**C.** The project records management system**D.** The project's work performance information**Answer: A****Explanation:** Lessons learned from past projects are always part of a company's organizational process assets, and are usually stored in a process asset library. The other three answers are important project tools, but they're not where you find lessons learned.
