NEW QUESTION: 1Your IT security team is responding to a denial of service attack against your server. They have taken measures to block offending IP addresses. Which type of threat control is this?**A.** Corrective**B.** Detective**C.** Responsive**D.** Preventive**Answer: A**

NEW QUESTION: 2An Asian family has an elderly member with latestage Alzheimer's disease. The physician has recommended placement in a long-term care facility, but the family refuses. Which of the following is an appropriate response to the family by the nurse?**A.** "What can I do to assist you to care for him at home?"**B.** "You are too busy to be taking care of an elderly person."**C.** "You really need to listen to what the physician says."**D.** "You will get too tired to take care of him at home."**Answer: A****Explanation:**This is the only culturally sensitive statement. Many Asian cultures have a high respect for elders, and members of these cultures might not consider placement in a long-term care facility. This is because they feel it is more respectful for them to care for the family member at home. The nurse might be able to assist the family by determining what community resources are available to assist them.**Reduction of Risk Potential**

NEW QUESTION: 3You create a contact in Microsoft Dynamics Marketing and assign the contact to the Marketing group.Which two actions can you take with the contact? Each correct answer presents a complete solution.**A.** Add the contact to the Vendor group.**B.** Add the contact to the Client group.**C.** Change the contact group to Client.**D.** Change the contact group to Vendor.**Answer: A,C**
