NEW QUESTION: 4 Victorian poetess Christina Rossetti's potent sensual imagery compelled Edmond Gosse, perhaps the most influential literary critic in late Victorian England, to observe that she "does not shrink from strong delineation of the pleasures of life even when denouncing them." In the face of Rossetti's virtual canonization by critics at the end of the nineteenth century, however, Virginia Woolf ignores her apparent conservatism, instead seeing in her curiosity value and a model of artistic purity and integrity for women writers. In 1930, the centenary of Rossetti's birth,Woolf identified her as "one of Shakespeare's more recent sisters" whose life had been reclusively Victorian but whose achievement as an artist was enduring. Woolf remembers Rossetti for her four volumes of explosively original poems loaded with vivid images and dense emotional energy. "A Birthday," for instance, is no typical Victorian poem

and is certainly unlike predictable works of the era's best known women poets. Rossetti's most famous poem, "Goblin Market," bridges the space between simplistic fairy tale and complex adult allegory - at once Christian, psychological, and profeminist. Like many of Rossetti's works, it is extraordinarily original and unorthodox in form. Its subject matter is radical and therefore risky for a Victorian poetess because it implies castigation of an economic (and even marital) marketplace dominated by men, whose motives are, at best, suspect. Its Christian allusions are obvious but grounded in opulent images whose lushness borders on the erotic. From Rossetti's work emerge not only emotional force, artistic polish, frequently ironic playfulness, and intellectual vigor but also an intriguing, enigmatic quality. "Winter: My Secret," for example, combines these traits along with a very high (and un-Victorian) level of poetic selfconsciousness."How does one reconcile the aesthetic sensuality of Rossetti's poetry with her repressed, ascetic lifestyle?" Woolf wondered. That Rossetti did indeed withhold a "secret" both from those intimate with her and from posterity is Lona Packer's thesis in her 1963 biography of Rossetti. Packer's claim that Rossetti's was a secret of the heart has since been disproved through the discovery of hundreds of letters by Rossetti, which reinforce the conventional image of her as pious, scrupulously abstinent, and semi-reclusive. Yet the passions expressed in her love poems do expose the "secret" at the heart of both Rossetti's life and art: a willingness to forego worldly pleasures in favor of an aestheticized Christian version of transcendent fulfillment in heaven. Her sonnet "The World," therefore, becomes pivotal in understanding Rossetti's literary project as a whole - her rhymes for children, fairy tale narratives, love poems, and devotional commentaries. The world, for Rossetti, is a fallen place. Her work is pervasively designed to force upon readers this inescapable Christian truth. The beauty of her poetry must be seen therefore as an artistic strategy, a means toward a moral end. It can be inferred from the passage that the author discusses Packer's thesis and its flaws probably to**A.** compare Woolf's understanding of Rossetti with a recent, more enlightened view **B.** contrast the sensuality of Rossetti's poetry with the relative starkness of her devotional commentary**C.** reveal the secret to which Rossetti alludes in "Winter: My Secret"**D.** call into question the authenticity of recently discovered letters written by Rossetti**E.** provide a foundation for the author's own theory about Rossetti's life and work**Answer: E**Explanation: Explanation/Reference:Explanation:The author's threshold purpose in discussing Packer's biography is to affirm that Rossetti's style of writing was not a reflection of her personal lifestyle. Having dismissed the theory that Rossetti was keeping secrets about her life, the author goes on (in the final paragraph) to offer a better explanation for the apparent contradiction between Rossetti's lifestyle and the emotional, sensual style of her poetry.
