NEW QUESTION: 1You have an Azure subscription named Subscription1.In Subscription1, you create an Azure web app named WebApp1. WebApp1 will access an external service that requires certificate authentication.You plan to require the use of HTTPS to access WebApp1. You need to upload certificates to WebApp1.In which formats should you upload the certificate? To answer, select the appropriate options in the answer area.**NOTE:** Each correct selection is worth one point.**Answer:** Explanation:ExplanationA PFX file contains the public key file (SSL Certificate) and its unique private key file. This is required for HTTPS access. The web app will distribute the public key (in a CER file) to clients that connect to the web app.The CER file is an SSL Certificate which has the public key of the external service. The external service will have the private key associated with the public key contained in the CER file.

NEW QUESTION: 2**SIMULATION**The following section of the exam is a lab. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design.Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task.Labs are not timed separately, and this exam may have more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided.Please, note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab.To start the labYou may start lab by clicking the Next buttonTasksClick to expand each objectiveTo connect to the Azure portal, type https://portal.azure.com in the browser address bar.InstructionsPerformance Based Lab This type of question asks you to perform tasks in a virtual environment.The screen for this type of question includes a virtual machine window and a tasks pane.The window is a remotely connected live environment where you perform tasks on real software and applications.On the right is a Tasks pane that lists the tasks you need to perform in the lab. Each task can be expanded or collapsed using the "+" or "-" symbols. A checkbox is provided for each task. This is provided for convenience, so you can mark each task as you complete it.TasksClick to expand each objective-Configure serversAdd the "Print and Document Services" role to server LON-SVR1, installing any required management features and enabling both Print and LPD Services.+Configure file and share accessWhen you are finished performing all the tasks, click the 'Next' button.Note that you cannot return to the lab once you click the 'Next' button. Scoring occur in the background while you complete the rest of the exam.CommentsOnce the exam completes, the comment period will begin and you will have the opportunity to provide comments to Microsoft about the exam questions. To launch the comment period, click the

"Finish" and then "Comment" buttons. To skip the comment period and the exam, click Exit. You can navigate to a question from the Review screen to provide a comment. Please, see the Review Screen tab in the Review Screen help Menu (which can be accessed from the Review Screen) for details on accessing questions from the Review Screen. To comment on a question, navigate to that question and click the Give Feedback icon. When you have entered your comment in the comment window, click Submit to close the window. To navigate to the Review screen again, click the Review button. You may navigate through all questions using the Next and Previous buttons. To skip commenting, go to the Review Screen by selecting the Review Screen button in the upper left-hand corner and from the Review Screen, select "Finished".

Controls Available For any question, one or more of the following controls might be available.

Keyboard Shortcuts Available Exam features may be accessed using keyboard shortcuts. The following table describes the keyboard shortcuts that are available during this exam. Some keyboard shortcuts require that you press two or more keys at the same time. These keys are separated by a plus sign (+) in the table below.

You plan to support many connections to your company's website. You need to ensure that the Homepage App Service plan automatically uses up to five instances when CPU utilization on the instances exceeds 70 percent for 10 minutes. When CPU utilization decreases, the solution must automatically reduce the number of instances. What should you do from the Azure portal?

A. See below explanation
Answer: A
Explanation: Step 1: Locate the Homepage App Service plan Step 2: Click Add a rule, and enter the appropriate fields, such as below, and then click Add. Time aggregation: average Metric Name: Percentage CPU Operator: Greater than Threshold 70 Duration: 10 minutes Operation: Increase count by Instance count: 4 Step 3: We must add a scale in rule as well. Click Add a rule, and enter the appropriate fields, such as below, then click Add. Operator: Less than Threshold 70 Duration: 10 minutes Operation: Decrease count by Instance count: 4

NEW QUESTION: 3 If a school buys three computers at a, b, and c dollars each, and the school gets a discount of 90%, which expression would determine the average price paid by the school?

A. Option A **B.** Option D **C.** Option C **D.** Option B

Answer: A
Explanation/Reference: Explanation: The 90% discount is over all three items; therefore the total price is $(a + b + c) \times 0.9$. The average is the total price divided by the number of computers:

NEW QUESTION: 4 The Accounts Payable Manager voided a foreign currency payment due to insufficient funds. Which three statements are correct? (Choose three.)

A. Voiding the payment automatically places an invoice on hold. **B.** Any previous accounting and payment records for an invoice are reversed. **C.** All related interest invoices are reversed if previously created. **D.** Any realized gain or loss previously calculated is reversed. **E.** All related withholding tax invoices are automatically voided.

Answer: B,C,E
