NEW QUESTION: 1A company has implemented the Integrated Imaging Solution. While extracting an invoice batch, RTS fails to extract and validate an invoice in the batch.What is the next step?**A.** Only the invoices that failed validation will be marked as failed and these need to be resubmitted after corrections**B.** The failed invoice will be removed from the batch and remaining Invoices will be sent to IPM for routing.**C.** The entire batch is marked as failed and needs to be resubmitted after corrections.**D.** The failed invoices will be loaded with the data available and the user needs to enter the missing information manually.**E.** The entire invoice batch will be sent to IPM tor routing including invoice failed validation.**Answer: C****Explanation:** Forms Recognition Verifier is the quality assurance application of the Forms Recognition suite. The application detects all documents with data recognition problems and presents them to the operator for verification.If Forms Recognition Runtime Service fails to extract and validate an invoice in a batch, the entire batch is marked as failed and will not be exported to the image repository.An accounts payable specialist reviews incomplete batches using Forms Recognition Verifier and resubmits them after correcting the exceptions.Reference: Oracle Fusion Applications Financials Implementation Guide, Forms Recognition Verifier

NEW QUESTION: 2Which of the following is NOT part of the Contract Closure process?**A.** Making sure all invoices have been paid**B.** Obtaining formal acceptance of all deliverables from all stakeholders**C.** An audit to verify that all of the legal obligations have been met**D.** Writing down lessons learned**Answer: B****Explanation:**One way to remember this is to think about how a company bills for its services. If you've finished the work and delivered the product, the product is done and you can close it out. But it may take some time for your invoice to be paid, and you can't close out the contract until you get the money! By the time the Contract Closure procedure happens, you should have already gotten formal written acceptance for the deliverables. That's what the Scope Verification process is for, and you verify that formal acceptance in the Close Project process.

NEW QUESTION: 3The function of Proxy server is to forwards requests or responses for SIP clients. The proxy server can be a server and a client at one time and decides forwarding requests of the next hop. ()**A.** TRUE**B.** FALSE**Answer: A**
