Photoexperienceacademy presents EMC D-VXB-DY-A-24 Exam Dumps, a product that is best to help you to clear your Dell VxBlock Deploy Achievement Exam.

**NEW QUESTION: 1**What are three risk factors a financial institution should examine with regard to a proposed new product?**A.** The need to verify the identification of the customer**B.** Whether other financial institutions are marketing the product**C.** Whether the product is easily transferable**D.** The complexity of the product**Answer: A,C,D**

**NEW QUESTION: 2**You are designing a Windows Azure application. Messages will be placed into a Windows Azure Queue and then processed by a worker role. There is no requirement for adherence to the Windows Azure Service Level Agreement (SLA).You need to recommend an approach for concurrently processing messages while minimizing compute cost. What should you recommend?**A.** Multiple role instances, each with multithreaded request processing**B.** Multiple role instances that process messages individually**C.** A single role instance that processes messages individually**D.** A single role instance with multithreaded request processing**Answer: D****Explanation:**Threads: When the request for the background work comes in, the web role starts as many threads as necessary (or queues the individual work items to the thread pool). In this option, we would configure a larger instance during the heavy workload, because these threads could require a lot of memory.**Incorrect:**Not C, not D: SLA would require multiple role instances.**Reference:**  
<https://stackoverflow.com/questions/12891678/orchestrating-a-windows-azure-web-role-to-cope-with-occasional-high-workload>

**NEW QUESTION: 3**You are planning for massive provisioning and configuration for your Cloud environment. Which ViPR Enablement Kit should be installed?**A.** vROB**B.** VASAC**C.** vCAC**D.** VSI**Answer: C**

**NEW QUESTION: 4**Those examples of poetic justice that occur in medieval and Elizabethan literature, and that seem so satisfying, have encouraged a whole school of twentieth-century scholars to "find" further examples. Infact, these scholars have merely forced victimized character into a moral framework by which their injustices inflicted on them are, somehow or other, justified. Such scholars deny that the sufferers in a tragedy are innocent; they blame the victims themselves for their tragic fates. Any misdoing is enough to subject a character to critical whips. Thus, there are long essays about the misdemeanors of Webster's Duchess of Malfi, who defied her brothers, and the behavior of Shakespeare's Desdemona, who disobeyed her father. Yet it should be remembered that the Renaissance writer Matteo Bandello strongly protests the injustice of the severe penalties issued to women for acts of disobedience that men

could, and did, commit with virtual impunity. And Shakespeare, Chaucer, and Webster often enlist their readers on the side of their tragic heroines by describing injustices so cruel that readers cannot but join in protest. By portraying Griselda, in the Clerk's Tale, as a meek, gentle victim who does not criticize, much less rebel against the prosecutor, her husband Walter, Chaucer incites readers to espouse Griselda's cause against Walter's oppression. Thus, efforts to supply historical and theological rationalization for Walter's persecutions tend to turn Chaucer's fable upside down, to deny its most obvious effect on reader's sympathies. Similarly, to assert that Webster's Duchess deserved torture and death because she chose to marry the man she loved and to bear their children is, in effect to join forces with her tyrannical brothers, and so to confound the operation of poetic justice, of which readers should approve, with precisely those examples of social injustice that Webster does everything in his power to make readers condemn. Indeed, Webster has his heroine so heroically lead the resistance to tyranny that she may well inspire members of the audience to imaginatively join forces with her against the cruelty and hypocritical morality of her brothers. Thus Chaucer and Webster, in their different ways, attack injustice, argue on behalf of the victims, and prosecute the persecutors. Their readers serve them as a court of appeal that remains free to rule, as the evidence requires, and as common humanity requires, in favour of the innocent and injured parties. For, to paraphrase the noted eighteenth-century scholar, Samuel Johnson, despite all the refinements of subtlety and the dogmatism of learning, it is by the common sense and compassion of readers who are uncorrupted by the characters and situations in medieval and Elizabethan literature, as in any other literature, can best be judged. The primary purpose of the passage is to

**A.** assert that it is impossible for twentieth-century readers to fully comprehend the characters and situations in medieval and Elizabethan literary works  
**B.** argue that some twentieth-century scholars have misapplied the concept of "poetic justice" in analyzing certain medieval and Elizabethan literary works.  
**C.** describe the role of the tragic heroine in medieval and Elizabethan literature  
**D.** resolve a controversy over the meaning of "poetic justice" as it is discussed in certain medieval and Elizabethan literary treatises  
**E.** present evidence to support the view that characters in medieval and Elizabethan tragedies are to blame for their fates

**Answer: E**
