NEW QUESTION: 1 Dealers are authorized to deal: **A.** after-hours, but only if listed as such by management **B.** away from their broker's dealing premises **C.** after-hours, but only from their private residence **D.** anywhere, even away from their own dealing premises **Answer: A**

NEW QUESTION: 2 Identify the true statement regarding project templates. **A.** They are created using Project Architect. **B.** They are created in the client and managed in the web. **C.** They are managed in the web in the same database. **D.** They are managed using Methodology Manager. **Answer: C** Explanation: Explanation/Reference: Oracle Primavera EPPM 8.0 (also known as P6 Release 8.0 or P6R8) introduces users to Project Templates. In previous versions, Oracle Primavera had Methodology Manager and Project Manager. Now with P6 R8 (P6R8, P6R8.2) Templates can be easily identify and stored within the Project Management database. This new feature enables the Project Controls/Project Management Office (PMO) having one single global dictionary for project codes, activity codes, roles, administration preferences and security profiles. Note 1: Project templates help you create new projects by providing a common set of project properties and items that can be used to create new projects quickly. This will allow you to get right to implementing your project plan. Note 2: Templates Features Same Graphical User Interface (GUI) Single Application One Global Dictionary Templates within the EPS Hierarchy Re-use existing project data Project setting for Templates Apply partial Template information Template Description Project Codes Same GUI There is a new Enterprise Project Structure (EPS) view that easily allows the addition of Project Templates.
