**NEW QUESTION: 1**When APIC is down on cluster device ... What is the minimum number of APICs requirement for a production ACI Fabric to continue to operate?**A. 0B. 1C. 2D. 3Answer: C**  
**Explanation:**From Designing for Cisco Network Service Architecture Fourth Edition:The recommended minimum sizing has the following requirements:\* Three or more Cisco APIC controllers that are dual connected to different leaf switches for maximum resilience. Note that the fabric is manageable even with just one controller and operational without a controller.I'm not sure what 'manageable' means, is it still an ACI fabric or does it revert to a different state. It seems weird to me you would no longer have your ACI fabric if one/ two of your three APIC's went offline. Not usually how redundancy works.This Cisco topic seems to indicate it will still work on 1 APIC  
<https://supportforums.cisco.com/discussion/12448836/apic-cluster-why-minimum-3-controllers> Interesting your reasoning. "Manageable", means that you can still make changes, add/remove things, etc.So, now reading your comments, it makes sense that if the is talking about continuing to operate, the answer must be 1. I've seen 3 as the answer in all dumps but now I doubt it.

**NEW QUESTION: 2**You are a Dynamics 365 for Field Service Administrator.You install and configure Connected Field Service with Azure IoT Central. Several of your connected devicesent alerts back to Dynamics 365 and work orders were created. However, the work orders were not sent backto Azure IoT Central.You need to resolve the issue.Which Action should you take to resolve the issue?**A. Create an IoT action in Dynamics 365 to trigger an update in IoT Central.B. Configure the Microsoft Flow When a work order is created in Connected Field Service, update IoT Central.C. Create an IoT Command in Dynamics 365 to trigger an update in IoT Central.D. Configure the Dynamics 365 workflow When a work order is created inConnected Field Service, updateIoT Central.****Answer: B**

**NEW QUESTION: 3**Reporter creates reports that can be saved in the following formats (choose

all that apply)(a)CSV (comma-separated-values) to be opened by Excel(b)Adobe PDF(c)HTML(d)XMLA. b, c & d onlyB. a, c & d onlyC. a, b & d onlyD. All of the aboveE. a, b & c onlyAnswer: E
