A. Escalate the issue to the steering committee in order to solve the issue from a management perspective
B. This is a normal scenario in a given portfolio; you should continue work as normal
C. Move her to the third quadrant (high influence, low interest)
D. Meet with the stakeholder and analyze her requirements again
Answer: C
Explanation: Escalating the issue is out of question and does not reflect the correct responsibilities of a portfolio manager. The portfolio manager should act upon such a change and should not continue work as normal. The fact that the Stakeholder lost interest in the portfolio means that she has been already analyzed and that the portfolio manager can directly change her grouping to include her in the third quadrant of the communication strategy matrix
