i got some relief hearing her voice, Choosing our C-THR81-2405 study materials will definitely bring you many unexpected results, C-THR81-2405 pdf questionsPhotoexperienceacademy offers you all the C-THR81-2405 Questions And Answers which are the same as your real test with 100% correct and coverage rate.

**NEW QUESTION: 1**An engineer is configuring VNTag between a virtualized server and a Cisco Nexus 5500 Series switch. Drag and drop the configuration steps from the left into the correct order on the right.**Answer:** Explanation:

**NEW QUESTION: 2**Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time. When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task. Labs are not timed separately, and this exam may have more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. You may now click next to proceed to the lab. Lab information Use the following login credentials as needed: To enter your username, place your cursor in the Sign in box and click on the username below. To enter your password, place your cursor in the Enter password box and click on the password below. Microsoft 365 Username: [\[email&#160;protected\]](#) Microsoft 365 Password: oL9z0=?Nq@oxlf the Microsoft 365 portal does not load successfully in the browser, press CTRL-K to reload the portal in a new browser tab. The following information is for technical support purposes only: Lab Instance: 11098651 You recently discovered that several users in your organization have permissions on the mailbox of another user in the organization. You need to ensure that Lee Gu receives a notification when a user is granted permissions on another user's mailbox. To answer the question, sign in to the Microsoft 365 portal. **Answer:** Explanation: See explanation below. Explanation Create an activity alert 1. Go to <https://protection.office.com/managealerts>. 2. Sign in to Office 365 using your work or school account. 3. On the Activity alerts page, click +New. The flyout page to create an activity alert is displayed. 4. Complete the following fields to create an activity alert: \* Name- Type a name for the alert. Alert names must be unique within your

organization.\* Description(Optional) - Describe the alert, such as the activities and users being tracked, and the users that email notifications are sent to. Descriptions provide a quick and easy way to describe the purpose of the alert to other admins.\* Alert type- Make sure theCustomoption is selected.\* Send this alert when- ClickSend this alert whenand then configure these two fields:- Activities- Click the drop-down list to display the activities that you can create an alert for. This is the same activities list that's displayed when you search the Office 365 audit log. You can select one or more specific activities or you can click the activity group name to select all activities in the group. For a description of these activities, see the "Audited activities" section in Search the audit log. When a user performs any of the activities that you've added to the alert, an email notification is sent.- Users- Click this box and then select one or more users. If the users in this box perform the activities that you added to theActivitiesbox, an alert will be sent. Leave the box blank to send an alert when any user in your organization performs the activities specified by the alert.\* Send this alert to- ClickSend this alert box and type a name to add a users who will receive an email notification when a user (specified in theUsersbox) performs an activity (specified in theActivitiesbox). Note that you are added to the list of recipients by default. You can remove your name from this list.5. ClickSaveto create the alert.The new alert is displayed in the list on theActivity alertspage.The status of the alert is set toOn. Note that the recipients who will received an email notification when an alert is sent are also listed.References:  
<https://docs.microsoft.com/en-us/microsoft-365/compliance/create-activity-alerts?view=o365-worldwide>

**NEW QUESTION: 3** On Cisco Firepower Management Center, which policy is used to collect health modules alerts from managed devices?  
**A.** system policy  
**B.** correlation policy  
**C.** health policy  
**D.** health awareness policy  
**E.** access control policy  
**Answer: C**
