Background

Humongous insurance provides fleet automotive insurance. The company's accounting year is July 1st-June 31st. They have experienced rapid growth by acquiring brokerages that have locations in Canada, the United States, and the United Kingdom. The company is making a big push for the start of their second quarter on October 1st. Current environment*

- * United States salespeople are located in either the north, east, south, west or national territory.
- * Only national territory sales team members can send quotes and invoices across multiple territories.
- * Sales managers route leads based on territory.
- * Salesperson1 and Salesperson2 are part of the south region and the national account respectively.
- * Salespeople cannot accurately report progression of sales and whether they are closed or still in process.
- * Manager and underwriter approval is communicated by email.
- * Many salespeople use different quote layouts.

Requirements

- * Territories* Each territory must be set up as a Business Unit for security.
- * Each territory must have the ability to qualify its own leads.
- * Security* National sales team members must have privileges in order to see sales and account information managed by the regional sales teams.
- * Configure appropriate security for national and each regional sales.
- * Goals* Salespeople's goals must roll up to their manager's goal.
- * Goal mettables need to automatically calculate every 12 hours.
- * Quotes* Set up version traceability for quotes.
- * Quotes must be marked with the word "Final" when approved.
- * Quotes and orders must be generated in their clients' currency.
- * Quotes and invoices must be able to be viewed across a variety of devices.

Pricing must be standardized for insurance products while supporting tiered pricing across national and regional accounts.

- * Opportunities* Closed opportunities that are won or lost must capture competitor information. The company wants a visualization built for the categories related to why the opportunities closed a certain way.
- * When an opportunity is nearing time to quote, products should be added to the opportunity.

Other Requirements

- * Simplify data entry and reduce dual data entry.
- * Help salespeople and their managers keep track of where they are in the sales process.
- * Use out-of-the-box reports where possible.
- * Generate invoice numbers automatically.
- * Begin invoice numbers with the letters INV.
- * Allow managers to be able to view a diagram and drill down to leads converted in the last 30 days.

Issues

- * Salespeople cannot identify the sales process stage process for each customer.
- * Updated products are not easily updated within the product groups.
- * There is no pricing tool.
- * Salespeople must research each product every time they have to quote a customer on a product.
- * UserA is unable to qualify leads.
- * The manager follows the process on an approved quote but an error occurs.
- * ClientA purchases products from multiple regions for a single order.
- * Not all products are available in regional pricelists or national pricelists.
