The second monitor can be configured to show presentations instead of having everything on a single screen. To enable the use of a second monitor the system must be configured for it. This is done via the web interface using the Video Default Presentation Source setting. Doing so is described in the EX90 Administrator Guide which is available separately for download .If you are in a MultiSite call or in a Point-to-point call with a presentation, you may alter the layout on the screen.
