NEW QUESTION: 1 HOTSPOT Your company has an Office 365 subscription and uses Microsoft Lync Online. The environment includes the domains shown in the following image, and is configured as shown in the exhibit. (Click the Exhibit button.) Lync is not deployed in a hybrid configuration. An employee requires specific Lync communication settings. The employee's account is configured as shown in the following image. For each of the following statements, select Yes if the statement is true. Otherwise, select No. Each correct selection is worth one point.
Answer: Explanation: Box 1: The employee can have Lync conversations with Lync users on the Contoso domain. This is true because the domain has been added as a local domain and is Active. Box 2: The employee can have Lync conversations with Lync users on the Fabrikam domain. This is true because external access is on for allowed domains and Fabrikam.com is an allowed domain. Box 3: The employee can have Lync conversations with Skype users who sign in with a Microsoft account: This is false because although the option is enabled in the global settings..... it is disabled in the user account settings.
