NEW QUESTION: 1An HPE customer has an existing virtualization Infrastructure that utilizes HPE hardware, a traditional SAN, and VMware. The CIO requests a consultation in modernizing their virtualization environment. A solution using a software-defined storage Infrastructure is recommended. Will this VMware technology provide this solution? Possible Answer = Virtual Center
A. Yes B. No Answer: B

NEW QUESTION: 2 Which condition below allows personal data to be processed legally?
A. A Data Privacy Impact Assessment (DPIA) should be performed prior to data collection.
B. There must be a legitimate basis for data processing.
C. Holders' rights must be protected by a privacy policy.
D. Data processing must be previously authorized by the Supervisory Authority.
Answer: B
Explanation: Article 6 legislates on the lawfulness of treatment and in it cites the 6 legal bases provided:
1 - the data subject has given consent to the processing of his or her personal data for one or more specific purposes;
2 - processing is necessary for the performance of a contract to which the data subject is party or in order to take steps at the request of the data subject prior to entering a contract
3 - processing is necessary for compliance with a legal obligation to which the controller is subject;
4 - processing is necessary in order to protect the vital interests of the data subject or of another natural person;
5 - processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller;
6 - processing is necessary for the purposes of the legitimate interests pursued by the controller or by a third party, except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject which requires protection of personal data, in particular where the data subject is a child.
