Who will refuse such a wonderful dream, We offer 7*24 online service support about CRT-261 test online materials, And you can free download the demo of our CRT-261 exam questions before your payment.

Come on, join us and give you a bright **CRT-261 Reliable Test Practice** future, Simulated examination help you adapt to the real test.

NEW QUESTION: 1Which of the following incidents will lead to a message being qualified as Very High?**A.** A product customization requested through support**B.** An important request for information related to a future release or patch**C.** A missing product functionality required by the customer**D.** An issue leading to business critical work that cannot be performed**Answer: D**

NEW QUESTION: 2The amount of data stored in organizational databases has increased rapidly in recent years due to the rapid advancement of information technologies. A high percentage of these data is sensitive, private and critical to the organizations, their clients and partners. Therefore, databases are usually installed behind internal firewalls, protected with intrusion detection mechanisms and accessed only by applications. To access a database, users have to connect to one of these applications and submit queries through them to the database. The threat to databases arises when these applications do not behave properly and construct these queries without sanitizing user inputs first. Identify the injection attack represented in the diagram below:**A.** Frame Injection Attack**B.** XPath Injection Attack**C.** LDAP Injection Attack**D.** SOAP Injection Attack**Answer: C**Explanation:
