NEW QUESTION: 3Sam works as a marketing executive for TechPerfect Inc. He types a letter to send it to fifty persons. He has to prepare an envelope to send the mail to each person. What will Sam do to accomplish the task?**A.** Use Mail Merge.**B.** Use building blocks.**C.** Prepare individual envelopes.**D.** Use a template.**Answer: A**
Explanation:Mail Merge is used to quickly create multiple letters, e-mail messages, mailing labels, envelopes, and a directory. It uses two files for creating a document. It is used to create a set of documents, such as letters, in which the information contained in the letter is the same but the address of each person is different. Answer option A is incorrect. Preparing individual envelopes will consume a lot of time. Answer option B is incorrect. A template is a tool that is used to create a standard layout and the look and feel across multiple pages. A user creates a template when he wants to apply the same layout to multiple pages in a document. When he makes a change in the template, all the pages associated with it are affected and the corresponding change is reflected in all the pages. Answer option D is incorrect. Building blocks are items that are created by using the Quick Parts tool. These items can be reused in other documents. For example, the logo of a company can be saved as a building block and can be applied when and where needed.
