**Explanation:** Explanation Managing Topics and Subscriptions:1. Create Notifications Topic and SubscriptionIf a suitable Notifications topic doesn't already exist, then you must log in to the Console as a tenancy administrator and create it. Whether you use an existing topic or create a new one, add an email address as a subscription so that you can monitor that email account for notifications2. Using the Console to Create a RuleUse the Console to create a rule with a pattern that matches bucket creation events emitted by Object Storage.Specify the Notifications topic you created as an action to deliver matching events. To test your rule, create a bucket. Object Storage emits an event which triggers the action. Check the email specified in the subscription to receive your notificationReferences:
