Downloading the product on more C-S4CS-2308 Latest Exam Pdf than Two PCs will lead to your account being blocked.

NEW QUESTION: 1 Steps to enable Secure Store Service for Excel Using Unattended Accounts **A.** To configure you first Configure a data access account then Configure a secure store target application for the unattended service account then Configure Excel Services Global Setting and then Configure a workbook to use the unattended service account. **B.** In SQL server expand Security, right click logins, and then click new login. In the login name box type the name of the active directory account. Next in Select a Page click user mapping, select the map then under Database role membership select db_datareader. Click Ok to finish **C.** In Central Administrator select Application Management, click Manage service applications. On Manage Services Application page, click Global settings. On the Excel services settings page in External Data section, type the target Application ID in the Application ID box. Click Ok to finish **D.** In data-connected Excel workbook, on the data tab, click connections. Next, go to Workbook connections dialog box, select the data connection that you want to update, and then click properties. On the connections properties dialog box, on the definitions tab, click authentication settings. On the Excel services Authentication settings dialog box, select the Non option and then click Ok to finish **Answer: A** Explanation: Resources: <http://technet.microsoft.com/en-us/library/hh525344.aspx> (There is a video you can watch that explains how to configure it) Using the unattended service account involves configuring an Active Directory account and granting it access to your data, storing the credentials for this account in Secure Store, and configuring Excel Services to use the stored credentials when it needs to refresh the data in a workbook.

NEW QUESTION: 2 View the exhibit. What does this raw log indicate? (Choose two.) **A.** type indicates that a security event was recorded. **B.** FortiGate blocked the traffic. **C.** 10.0.1.20 is the IP address for lavito.tk. **D.** policyid indicates that traffic went through the IPS firewall policy. **Answer: A, D**

NEW QUESTION: 3 Which two statements describe characteristics of Cisco Unified Border Element high availability, prior to Cisco IOS release 15.2.3T, using a box-to-box redundancy configuration? (Choose two.) **A.** It supports media and signal preservation when a switchover occurs. **B.** It can leverage either HSRP or VRRP for router redundancy. **C.** It leverages HSRP for router redundancy and GLBP for load sharing between a pair of routers. **D.** Only media streams are preserved when a switchover occurs. **E.** The SIP media signal must be bound to the loopback interface. **F.** Cisco Unified Border Element session information is check-pointed

across the active and standby router pair.**Answer: D,F**

NEW QUESTION: 4Your company has an office in New York and an office in Seoul. The offices connect to each other by using a WAN link. The New York office contains all sales and marketing staff. The Seoul office contains all manufacturing and research staff. The network contains a single Active Directory domain. You plan to deploy SharePoint Server 2010 to support both offices. You need to recommend a solution that meets the following requirements: -Network traffic across the WAN link must be minimized. -All documents must be stored on servers located in the office where the documents were created. -SharePoint users in New York and Seoul must be able to find documents in both offices when they perform searches. What should you recommend?
A. a server farm in each office that has a Web server located in each office
B. a server farm in each office and a search federation between the farms
C. a single server farm that uses two site collections and a Web server in each office
D. a single server farm that uses two content databases and Microsoft SQL Server database mirroring between the two offices
Answer: B Explanation: Section: Various
