NEW QUESTION: 1 You hire a third-party company to work in your Oracle Cloud environment. These partner employees work remotely and need to manage PaaS and IaaS instances in your environment. Your security officer requires that each partner employee provide a second verification factor on top of the traditional user name and password. Which option do you configure in Oracle Identity Cloud Service for this to occur? **A.** Adaptive security **B.** Multi-Factor Authentication **C.** Identity provider policies **D.** The bridge **Answer: B**

NEW QUESTION: 2 ホストをスイッチポート G0 / 1 に接続すると、ポートエラーが無効になります。理由を判別するためにどのコマンドを入力できますか? **A.** show interfaces g0 / 1 status **B.** show ip interface brief **C.** ログを表示 **D.** 実行インターフェイス g0 / 1 を表示 **Answer: C**

NEW QUESTION: 3 An organization is implementing an enterprise resource planning (ERP) application to meet its business objectives. Of the following, who is PRIMARILY responsible for overseeing the project in order to ensure that it is progressing in accordance with the project plan and that it will deliver the expected results? **A.** User project team (UPT) **B.** System development project team (SDPT) **C.** Project steering committee **D.** Project sponsor **Answer: C**
Explanation: A project steering committee that provides an overall direction for the enterprise resource planning (ERP) implementation project is responsible for reviewing the project's progress to ensure that it will deliver the expected results. A project sponsor is typically the senior manager in charge of the primary business unit that the application will support. The sponsor provides funding for the project and works closely with the project manager to define the critical success factors or metrics for the project. The project sponsor is not responsible for reviewing the progress of the project. A system development project team (SDPT) completes the assigned tasks, works according to the instructions of the project manager and communicates with the user project team. The SDPT is not responsible for reviewing the progress of the project. A user project team (UPT) completes the assigned tasks, communicates effectively with the system development team and works according to the advice of the project

manager. A UPT is not responsible for reviewing the progress of the project.
