NEW QUESTION: 1You are a licensing specialist. Your customer is Wingtip Toys, a growing company that specializes in toys and computer games. Company Background Wingtip Toys has 45 full-time employees and 10 part-time employees. The company is opening another division for high-end electronics and games. Twenty additional employees will be hired to support this division. Network Description Forty-five desktops are used by the full-time employees. Five additional desktops are shared among the part-time employees. A single server runs Microsoft Small Business Server 4.5 for the 50 desktops. All desktops run Microsoft Windows 98 and Microsoft Office 97 Professional. Current Licensing Solution All software is purchased at the local computer store. The software budget is small. The server software refresh cycle is four years. Business Goals The IT manager of Wingtip Toys wants a solution that will simplify managing the company's increasing number of desktops. The IT manager has the following goals: Standardize all desktops on the latest versions of desktop application software, and stay current. Upgrade the server software. Purchase new desktops for the 20 new employees. Improve security for the part-time employees who share computers. End of repeated scenario You need to recommend the most appropriate server upgrade solution. What additional information do you need? **A.** expected sales growth over the next three years **B.** whether new server hardware will be purchased **C.** current IT support structure **D.** expected increase in the number of employees over the next three years **Answer: D**
