We guarantee you will receive your money's worth when you [Test L4M8 Topics Pdf](#) ace your exams, The obvious notes for the difficult points help you master and acquire the knowledge easily.

**NEW QUESTION: 1**Your company has a main office and five branch offices. Each office is configured as a separate ActiveDirectory site.You have an Exchange Server 2010 SP1 organization that contains one Hub Transport server in each siteand an Edge Transport server in the main office site.You add a disclaimer to all internal and external email messages sent by users in the company.You discover that the email messages sent from one of the branch offices do not include the disclaimer.You need to ensure that all email messages include the disclaimer.What should you do?**A.** Force Active Directory replication on the branch office domain controllers.**B.** Restart the Microsoft Exchange System Attendant.**C.** Export all transport rules from the Hub Transport server in the main office. Import the transport rules in the branch office Hub Transport server.**D.** Modify the cache settings of the branch office Hub Transport servers.**Answer: A**Explanation:Replication of transport rules across an organization depends on Active Directory replication. Replication time between Active Directory domain controllers varies depending on the number of sites in the organization, slow links, and other factors outside the control of Exchange. When you configure transport rules in your organization, make sure that you consider replication delays.Reference:
