NEW QUESTION: 4 You are designing a large Azure environment that will contain many subscriptions. You plan to use Azure Policy as part of a governance solution. To which three scopes can you assign Azure Policy definitions? Each correct answer presents a complete solution. NOTE: Each correct selection is worth one point.
A. subscriptions
B. compute resources
C. resource groups
D. management groups
E. Azure Active Directory (Azure AD) administrative units
F. Azure Active Directory (Azure AD) tenants
Answer: A,C,D
Explanation: Azure Policy evaluates resources in Azure by comparing the properties of those resources to business rules. Once your business rules have been formed, the policy definition or initiative is assigned to any scope of resources that Azure supports, such as management groups, subscriptions, resource groups, or individual resources.
