May be Photoexperienceacademy is a better choice for you, If your answer is no,you are DCDC-002 Test Labs a right place now, With rapid development of technology, more and more requirements have been taken on those who are working in the industry.

**NEW QUESTION: 1** A dunning letter issued at the customer business operational-level includes which transactions?**A.** Only bill-to-location-level transactions**B.** Only customer-level transactions**C.** Only account level transactions.**D.** Customer-, account-, AND bill-to-location level transactions**Answer: D****Explanation:**What's the difference between customer, account, and site at the Business Level? Transactions set at the customer level to view or modify, encompasses all of the transaction activity associated with the customer. For example, a dunning letter at the customer level is inclusive of transactions at the customer and account level. Transactions set at the account level to view or modify, are for a particular account and include transactions for all the bill-to sites under that account. Transactions set at the site level to view or modify, are specific to the bill-to location. Reference: Oracle Fusion Applications Financials Implementation Guide, What's the difference between customer, account, and site at the Business Level?
