NEW QUESTION: 1 On your project, scope changes, constraints, assumptions, integration and interface requirements, and overlapping roles and responsibilities pose communications challenges. The presence of communication barriers is most likely to lead to _____ **A.** Increased conflict **B.** Low morale **C.** Reduced productivity **D.** Increased hostility **Answer: A**
Explanation: Barriers to communication lead to a poor flow of information. Accordingly, messages are misinterpreted by recipients, thereby creating different perceptions, understanding, and frames of reference. Left unchecked, poor communication increases conflict among project stakeholders, which causes the other problems listed to arise. Then, the project manager must work actively to resolve conflicts so disruptive impacts are prevented [Executing] PMI@, PMBOK@ Guide, 2013, 288 Verma 1997, 24-25

NEW QUESTION: 2 You have a portable computer that runs Windows 7. The computer is configured to keep an offline version of files located in a network share. You need to identify whether you are working on an offline version of a file. What should you do? **A.** From Action Center, click View archived messages. **B.** From Sync Center, click View sync partnerships. **C.** From Windows Explorer, select the file and then view the toolbar. **D.** From Windows Mobile Device Center, click the Connection settings. **Answer: C**
Explanation: To find out whether you're working offline: Offline files turn on automatically if you lose your network connection. A copy of your file is copied to your computer, and once your network connection is re-established, the two copies will be synchronized. To find out if you're working offline, do the following. 1. Open the network folder that contains the file you are working on. 2. Check the Details pane at the bottom of the window for the status. If the status is offline, you are working with a copy of the file on your computer. If the status is online, you are working with the file on the network.

NEW QUESTION: 3View the Exhibits exhibit1 and exhibit2.Both the processes use PROG_1 as the job template that is already available. The time taken by the jobs are recorded in the TEST_LOG table. While comparing the time taken to create the jobs, the process in exhibit1 takes less time than the process in exhibit2.What is the reason for this?**A.** It updates several tables in the SYSTEM tablespace instead of creating new tables.**B.** It creates less metadata for the jobs.**C.** It creates jobs temporarily in memory only.**D.** It writes the job metadata to disk in compressed format.**Answer: B**

NEW QUESTION: 4Which of the following is true with regard to norms?**A.** Norms reinforce the group's values and common identity.**B.** Norms are similar from culture to culture.**C.** Norms are often written in an organization's policy manual.**D.** Norms cannot be enforced by ridicule or criticism.**Answer: A****Explanation:**Norms often provide a common identity for a group. Members feel they are part of a cohesive group with members who also share the same values.
