Having decided that the Calendar project is a relatively simple project, the Project Manager combined the Starting Up a Project process and the Initiating a Project process. No Project Brief has been produced. Instead the Project Manager used the project mandate to produce a simple Project Initiation Documentation (PIO). The PIO includes the Business Case, a product checklist and several Product Descriptions, Including the Project Product Description. Short sections are also included for each of the strategies and the controls to be applied. The Project Manager has elected to use the Daily Log to record all risks, issues, lessons and quality - results.After the initiation stage there will be two further stages during which a small number of Work Packages will be authorized. While these are being managed, the Project Manager will hold regular checkpoints, which will support the production of weekly Highlight Reports to the Project Board.No Benefits Review Plan has been developed. Where should the schedule of benefit reviews be recorded?**A.** As deliverables of the project, all benefit reviews should be scheduled and documented in the Project Plan during initiation.**B.** Small projects do not require a schedule of benefit reviews as only one review is required towards the end of the project and this should be documented within the Business Case.**C.** Benefit reviews should be planned and recorded in the simple PID.**Answer: C**
