Answer:
Explanation: Explanation
Box 1: Strong consistency offers a linearizability guarantee. The reads are guaranteed to return the most recent committed version of an item. A client never sees an uncommitted or partial write. Users are always guaranteed to read the latest committed write." Process reservations in the exact sequence as reservation are submitted to minimize overbooking or selling the same seat to multiple travelers." Box 2: Enable-automatic-failover For multi-region Cosmos accounts that are configured with a single-write region, enable automatic-failover by using Azure CLI or Azure portal. After you enable automatic failover, whenever there is a regional disaster, Cosmos DB will automatically

failover your account." Accept reservations even in network outages or other unforeseen failures" Box 3: southcentralus" You provision a resource group named airlineResourceGroup in the Azure South-Central US region." References:
