NEW QUESTION: 1You need to recommend a server deployment strategy for the main office that meets the server deployment requirements.What should you recommend installing in the main office?**A.** The Windows Automated Installation Kit (Windows AIK)**B.** The Windows Assessment and Deployment Kit (Windows ADK)**C.** The Express Deployment Tool (EDT)**D.** Windows Deployment Services (WDS)**Answer: D**Explanation:WDS is a server role that enables you to remotely deploy Windows operating systems. You can use it to set up new computers by using a network-based installation. This means that you do not have to install each operating system directly from a CD, USB drive, or DVD.Reference: What's New in Windows Deployment Services in Windows Server You need to recommend a migration strategy for the DHCP servers. The strategy must meet the technical requirements.

NEW QUESTION: 2You run accounting software in the AWS cloud. This software needs to be online continuously during the day every day of the week, and has a very static requirement for compute resources. You also have other, unrelated batch jobs that need to run once per day at anytime of your choosing. How should you minimize cost?**A.** Purchase a Light Utilization Reserved Instance to run the accounting software. Turn it off after hours.Run the batch jobs with the same instance class, so the Reserved Instance credits are also applied to the batch jobs.**B.** Purchase a Full Utilization Reserved Instance to run the accounting software. Turn it off after hours.Run the batch jobs with the same instance class, so the Reserved Instance credits are also applied to the batch jobs.**C.** Purchase a Medium Utilization Reserved Instance to run the accounting software. Turn it off after hours. Run the batch jobs with the same instance class, so the Reserved Instance credits are also applied to the batch jobs.**D.** Purchase a Heavy Utilization Reserved Instance to run the accounting software. Turn it off after hours.Run the batch jobs with the same instance class, so the Reserved Instance credits are also applied to the batch jobs.**Answer: D**Explanation:ExplanationReserved Instances provide you with a significant discount compared to On-Demand Instance pricing.Reserved Instances are not physical instances, but rather a billing discount applied to the use of On-Demand Instances in your account. These On-Demand Instances must match certain attributes in order to benefit from the billing discount For more information, please refer to the below link:
