Compared to other questions providers, Photoexperienceacademy Esri EJSA\_2024 exam training materials have been far ahead, In today' s global market, tens of thousands of companies and business people are involved in this line of EJSA\_2024 exam.

**NEW QUESTION: 1** Meriam Mastrani is a senior member of "The Seven Samurai," a high-flying hedge fund. Meriam supervises a group of 6 portfolio managers and is also involved in advising some independent clients. To prevent violations of securities laws at the firm, Meriam has instituted some standard procedures in conjunction with the Compliance Department. However, for the past 6 months, he has been extremely busy catering to his clients to be able to check on the weekly compliance reports. Meriam does not have a deputy whom he can delegate his duties to. No violations of any laws have been detected at The Seven Samurai. Meriam has  
**A.** none of these answers.  
**B.** violated Standard III (E) - Responsibilities of Supervisors.  
**C.** violated Standard III (B) - Duty to the Employer.  
**D.** has not violated any standard in the AIMR code of ethics.  
**Answer: B**  
Explanation: Explanation/Reference: Explanation: Standard III (E) - Responsibilities of Supervisors - requires that supervisors must take reasonable care to ensure that their subordinates do not violate any laws or the code of conduct. This includes designing effective procedures to deter fraudulent activity. However, merely enacting such procedures does not fulfill the member's duties. If steps are not taken to make sure that the restrictions are being abided by, the member could be deemed in violation of Standard III (E). By not keeping track of the activities of his subordinates for an extended period of time and not having a deputy to whom such a duty could be delegated, Meriam has violated Standard III (E).

**NEW QUESTION: 2** Which switch port type is required to support FC-AL devices in a SAN?  
**A.** U\_Port  
**B.** NL\_Port  
**C.** E\_Port  
**D.** FL\_Port  
**Answer: B**  
Explanation: Explanation/Reference: The arbitrated loop topology permits several devices to share the bandwidth of a single loop of fiber running between them. The FC-AL standard is implemented by modifying an N\_port to be an NL\_port. Each NL\_port is attached to one link. The information flows in one direction around the arbitrated loop.

**NEW QUESTION: 3** Which elements need to be checked once a career site builder (CSB) site is moved from stage to production? Please choose the correct answer.  
Response:  
**A.** Map Settings  
**B.** Site URLs  
**C.** External redirects open in the same browser tab.  
**D.** Site Kit selection  
**Answer: B**
