Oracle MOSC Documents offer great resources on resolving ORA-01653, namely the nature of the problem as it relates to space availability:-----This error does not necessarily indicate whether or not you have enough space in the tablespace, it merely indicates that Oracle could not find a large enough area of free contiguous space in which to fit the next extent. Diagnostic Steps:-----1. In order to see the free space available for a particular tablespace, you must use the view DBA_FREE_SPACE. Within this view, each record represents one fragment of space. How the view DBA_FREE_SPACE can be used to determine the space available in the database is described in Note 121259.1 Using DBA_FREE_SPACE Furthermore, MOSC offers these choices in resolving ORA-01653 (as quoted below): Manually COALESCE Adjacent Free Extents Add a DATAFILE Resize DATAFILE Enable AUTOEXTEND Defragment tablespace View temporary segments for space
