The prices are really reasonable because our company has made lots of efforts to cut down the costs, 1z0-1065-23 soft test engine can stimulate the real exam environment, and you can build your confidence if you choose this version.

NEW QUESTION: 1 The US department of Health, Education and Welfare developed a list of fair information practices focused on privacy of individually, personal identifiable information. Which one of the following is incorrect?
A. There must be a way for a person to find out what information about them exists and how it is used.
B. Any organization creating, maintaining, using, or disseminating records of personal identifiable information must ensure reliability of the data for their intended use and must make precautions to prevent misuses of that data.
C. There must be a personal data record-keeping system whose very existence shall be kept secret.
D. There must be a way for a person to prevent information about them, which was obtained for one purpose, from being used or made available for another purpose without their consent.
Answer: C
Explanation: Explanation/Reference: Explanation: Fair Information Practice was first developed in the United States in the 1970s by the Department for Health, Education and Welfare (HEW). The Fair Information Practice does not state that there the personal data record-keeping system must be secret.
Incorrect Answers:
A: HEW Fair Information Practices include that there should be mechanisms for individuals to review data about them, to ensure accuracy.
C: HEW Fair Information Practices include For all data collected there should be a stated purpose
Information collected by an individual cannot be disclosed to other organizations or individuals unless specifically authorized by law or by consent of the individual
D: HEW Fair Information Practices include Records kept on an individual should be accurate and up to date
Data should be deleted when it is no longer needed for the stated purpose
