At present, our D-DP-FN-23 study materials are able to motivate you a lot, With high-quality and reliable D-DP-FN-23 study guide materials, we guarantee that you can pass any D-DP-FN-23 exam easily.

So, we provide a condensed introduction for your reference from different aspects of our D-DP-FN-23 exam braindumps: Affordable products with high pass rate, D-DP-FN-23 PDF version is printable, and you can print them into hard one if you like, you can learn them anywhere and anyplace.

You can choose the most suitable method to learn.

NEW QUESTION: 1 What is the purpose of allowing a "manual rating" in the summary section of a performance form?Please choose the correct answer.Response:**A.** To delete the calculated rating from the form.**B.** To make the calculated rating editable by the person providing the rating of record.**C.** To manually override the system-generated calculated rating in an additional rating field.**D.** To provide a qualitative feedback on the overall performance.**Answer: C**

NEW QUESTION: 2 You have a proprietary data store on-premises that must be backed up daily by dumping the data store contents to a single compressed 50GB file and sending the file to AWS. Your SLAs state that any dump file backed up within the past 7 days can be retrieved within 2 hours. Your compliance department has stated that all data must be held indefinitely. The time required to restore the data store from a backup is approximately 1 hour.Your on-premise network connection is capable of sustaining 1gbps to AWS.Which backup methods to AWS would be most cost-effective while still meeting all of your requirements?**A.** Transfer the daily backup files to an EBS volume in AWS and take daily snapshots of the volume**B.** Send the daily backup files to Glacier immediately after being generated**C.** Transfer the daily backup files to S3 and use appropriate bucket lifecycle policies to send to Glacier**D.** Host the backup files on a Storage Gateway with Gateway-Cached Volumes and take daily snapshots**Answer: C** Explanation:ExplanationBecause in the stored volume mode, you are storing data locally, the binary-compressed format is already available, and the bandwidth of your AWS connection meets the 7days/2hour SLA.

NEW QUESTION: 3 You are planning an HP server solution for a large enterprise customer. You will be meeting with their technology officer to assess their business and IT requirement. What information should you expect the CTO to provide in order for you to design a solution?**A.** the ratio of mobile workers to on-site users**B.** the form factor of existing devices on the network**C.** the number of users for business applications**D.** the network IP addresses and subnets**Answer: C**

NEW QUESTION: 4 You are a project manager for a company that uses Project Professional 2013.You are responsible for communicating the progress of your projects every month. Your company provides you with a Gantt Chart view that uses the standard Entry table.You need to communicate the progress of tasks that have a finish date of either October 2 or October 22. What should you do?**A.** Go to the View tab and select Display AutoFilter. Click on the arrow next to the Finish column and check only the required dates.**B.** Go to the View tab and use the Date

Range filter.**C.** Go to the Task tab, open the Find window, and set the parameters to find the required dates, setting the Look in Field to Finish. Then click Find Next.**D.** Go to the View tab, open the More Views window, and create a new view.**Answer: A**
