NEW QUESTION: 1 Selling film for use with a camera is an example of which product-mix pricing strategy?
A. Product bundle pricing.
B. By-product pricing.
C. Optional product pricing.
D. Captive product pricing.
Answer: D
Explanation: Captive products are those that must be used along with the main product. Sellers often make their money on the captive products, rather than on the main product that is sold at a low price. The captive products will therefore be priced well above the storage and delivery costs.
