NEW QUESTION: 1 Which of the following statements are true about mergers? Each correct answer represents a complete solution. Choose all that apply. **A.** Mergers occur when the merging companies have their different consent. **B.** Mergers can be vertical, horizontal, congeneric or conglomerate, depending on the nature of the merging companies. **C.** Mergers present the involved parties with special challenges that must be navigated unto agreement. **D.** Mergers refer to the aspect of corporate strategy, corporate finance and management dealing with the buying, selling, dividing, and combining of different companies. **Answer: A,B,D**
Explanation: Mergers refer to the aspect of corporate strategy, corporate finance and management dealing with the buying, selling, dividing, and combining of different companies and similar entities that can help an enterprise grow rapidly in its domain or location of origin, or a new field or new location, without creating a subsidiary, other child entity or using a joint venture. Mergers occur when the merging companies have their mutual consent as different from acquisitions, which can take the form of a hostile takeover. Mergers can be vertical, horizontal, congeneric or conglomerate, depending on the nature of the merging companies. Answer option 8 is incorrect. A partnership is an arrangement where parties agree to cooperate to advance their mutual interests. Partnerships present the involved parties with special challenges that must be navigated unto agreement.

NEW QUESTION: 2 Which of the following is a NOT a guideline necessary to enhance security in the critical Heating Ventilation Air Conditioning (HVAC) aspect of facility operations? **A.** Escort all contractors with access to the system while on site **B.** Restrict access to main air intake points to persons who have a work-related reason to be there **C.** Ensure that all air intake points are adequately secured with locking devices **D.** Maintain access rosters of maintenance personnel who are not authorized to work on the system **Answer: D**
Explanation/Reference: Explanation: Over the past several years, there has been an increasing awareness dealing with anthrax and airborne attacks. Harmful agents introduced into the HVAC system can rapidly spread throughout the structure and infect all persons exposed to the circulated air. The following is a list of guidelines necessary to enhance security in this critical aspect of facility operations: Restrict access to main air intake points to persons who have a work-related reason to be there. Escort all contractors with access to the system while on site. Ensure that all air intake points are adequately secured with locking devices. Maintaining access

rosters of maintenance personnel who are not authorized to work on the system is a recommended guideline; however, it is not a 'necessary' guideline to ensure safety. Incorrect Answers: A: Restricting access to main air intake points to persons who have a work-related reason to be there is a necessary guideline to enhance security in the critical Heating Ventilation Air Conditioning (HVAC) aspect of facility operations. Therefore, this answer is incorrect. C: Escorting all contractors with access to the system while on site is a necessary guideline to enhance security in the critical Heating Ventilation Air Conditioning (HVAC) aspect of facility operations. Therefore, this answer is incorrect. D: Ensuring that all air intake points are adequately secured with locking devices is a necessary guideline to enhance security in the critical Heating Ventilation Air Conditioning (HVAC) aspect of facility operations. Therefore, this answer is incorrect.

NEW QUESTION: 3A project manager noted there were many possible features that could be incorporated into a project, and the customers wavered about whether to include particular features. Which of the following is the BEST approach to ensure appropriate delivery of the project? **A.** At the beginning and end of every meeting, the project manager should consistently remind the project team which features are included in the project and which features are not included in the project. **B.** The project requirements document lists all the features that are included in the project, and the project manager diligently ensures that features not included in the project are not included in the MOU with the customer. **C.** In one section of the project charter, specify which features are included in the project, in another section, specify which features are not included in the project. **D.** The scope statement should enumerate which features are included in the project and which features are not included in the project. **Answer: D**
