They will surely amaze you in all respects, No matter the annual sale volume or the remarks of customers even the large volume of repeating purchase can tell you the actual strength of 700-805 training material.

NEW QUESTION: 1A customer with Avaya Aura® Call Center Elite Multichannel wants the users that share a common department to share profile characteristics. Each user sits at the same desk every day. What would be an efficient way of accomplishing this requirement?
A. Build an application template for each user, and assign the user to that template
B. Build a single department configuration, assign user to it, and modify the profile for each user
C. Build a new configuration that associates every computer to the profile, and then assign all the users to it
D. Build an application template for each department, then assign users to the template based on the department the user is in
Answer: A

NEW QUESTION: 2Phishing is BEST mitigated by which of the following?
A. Encryption
B. Two-factor authentication
C. Security monitoring software
D. User awareness
Answer: D
Explanation: Explanation/Reference: Explanation: Phishing can best be detected by the user. It can be mitigated by appropriate user awareness. Security monitoring software would provide some protection, but would not be as effective as user awareness. Encryption and two-factor authentication would not mitigate this threat.

NEW QUESTION: 3Which two loop-free Alternate design considerations are true? (Choose two)
A. It can impact SLA-sensitive applications by routing traffic to low bandwidth links while IGP convergence is in progress
B. It can simplify the capacity planning by matching the backup path with the post-convergence path
C. Backup coverage and effectiveness is dependent on the network topology
D. It provides an optimal backup path by avoiding low bandwidth and edge links
E. Cisco MPLS TE must be enabled because it is used for building the backup paths
Answer: A,C
