**NEW QUESTION: 3**Scenario: Intrepid Space IndustriesPlease read this scenario prior to answering the questionIntrepid Space Industries is the prime contractor for the Telesto Unmanned Spacecraft program. Over the course of this contract, the company has grown rapidly by acquisition and has inherited numerous different procurement processes and related IT systems. Intrepid is moving aggressively to consolidate and reduce redundant procurement processes and systems. The CEO has announced that the company will seek to leverage higher volume discounts and lower related IT support costs by instituting a preferred supplier program.To achieve this goal, Intrepid needs to define Baseline and Target Architectures. These architectures must address key stakeholders' concerns such as:1. What groups of people should be involved in procurement-related business processes?2. What current applications do those groups use?3. Which procurement-related business processes are supported by zero, one, or many existing applications?4. What are the overall lifetimes of the Request for Proposal and Purchase Order business objects? What non-procurement applications will need to be integrated with any new procurement applications?5. What data will need to be shared?At present, there are no particularly useful architectural assets related to this initiative, so all assets need to be acquired and customized or created from scratch. The company prefers to implement existing package applications from systems vendors with little customization.The architecture development project has just completed its Architecture Context iteration cycle and is about to begin the Architecture Definition iteration cycle. Intrepid is using TOGAF for its internal Enterprise Architecture activities. It uses an iterative approach for executing Architecture Development Method (ADM) projects.The architecture development project has just completed its Architecture Context iteration cycle and is about to begin the Architecture Definition iteration cycle.Refer to the Intrepid Space Industries Scenario.You are serving as the Lead Architect.You have been asked to identify the most appropriate architecture viewpoints for this situation.Based on TOGAF 9, which of the following is the best answer?A: In the early iterations of the Architecture Definition:Describe the Baseline Business Architecture with a Baseline Business Process catalogDescribe the Baseline Application Architecture with a Technology Portfolio catalogDescribe the Baseline Data Architecture with a Data diagramIn the later iterations of the Architecture Definition:Describe the Target Business
