NEW QUESTION: 2 Drag and drop the characteristics from the left onto the infrastructure types on the right.**Answer:** Explanation:Explanation

NEW QUESTION: 3 He was a un-common small man, he really was. Certainly not so small as he was made out to be, butwhere IS your Dwarf as is? He was a most uncommon small man, with a most uncommon large Ed; andwhat he had inside that Ed, nobody ever knowed but himself: even supposin himself to have ever tookstock of it, which it would have been a stiff job for even him to do.The kindest little man as never growed! Spirited, but not proud. When he travelled with the Spotted Babythough he knowed himself to be a nat'ral Dwarf, and knowed the Baby's spots to be put upon him artificial,he nursed that Baby like a mother. You never heerd him give a ill-name to a Giant. He DID allow himselfto break out into strong language respectin the Fat Lady from Norfolk; but that was an affair of the 'art; andwhen a man's 'art has been trifled with by a lady, and the preference giv to a Indian, he ain't master of hisactions.He was always in love, of course; every human nat'ral phenomenon is. And he was always in love with alarge woman; I never knowed the Dwarf as could be got to love a small one. Which helps to keep 'em theCuriosities they are. One sing'ler idea he had in that Ed of his, which must have meant something, or itwouldn't have been there. It was always his opinion that he was entitled to property. He never would puthis name to anything. He had been taught to write, by the young man without arms, who got his living withhis toes (quite a writing master HE was, and taught scores in the line), but Chops would have starved todeath, afore he'd have gained a bit of bread by putting his hand to a paper. This is the more curious tobear in mind, because HE had no property, nor hope of property, except his house and a sarser. When Isay his house, I mean the box, painted and got up outside like a reg'lar six-roomer, that he used to creepinto, with a diamond ring (or quite as good to look at) on his forefinger, and ring a little bell out of what the Public believed to be the Drawing-room winder. And when I say a sarser, I mean a Chaney sarser inwhich he made a collection for himself at the end of every Entertainment. His cue for that, he took fromme: "Ladies and gentlemen, the little man will now walk three times round the Cairawan, and retire behindthe curtain." When he said anything important, in private life, he mostly wound it up with this form of words,and they was generally the last thing he said to me at night afore he went to bed.He had what I consider a fine mind--a poetic mind. His ideas respectin his property never come upon himso strong as when he sat upon a barrel-organ and had the handle turned. Arter the wibration had runthrough him a little time, he would screech out, "Toby, I feel my property coming--grind away! I'm countingmy guineas by thousands, Toby--grind away! Toby, I shall be a man of fortun! I feel the Mint a jingling inme, Toby, and I'm swelling out into the Bank of England!" Such is the influence of music on a poetic mind.Not that he was partial to any other music but a barrel-organ; on the contrary, hated it.He had a kind of a everlasting grudge agin the Public: which is a thing you may notice in manyphenomenons that get their living out of it. What riled him most in the nater of his occupation was, that itkep him out of Society. He was continiwally saying, "Toby, my ambition is, to go into Society. The curse ofmy position towards the Public is, that it keeps me hout of Society. This don't signify to a low beast of aIndian; he an't formed for Society. This don't signify to a Spotted Baby; HE an't formed for Society. I am."Which selection best represents the device displayed in the overall excerpts but especially summated inthe last paragraph in last paragraph?**A.** choral**B.** epic**C.** paradox**D.** allegory**E.** allusion**Answer: C**Explanation:As the title Going Into Society indicates, the entire motivation for saving money, obtaining property is topave the way for joining society. The paradox is that the methodology by which he is able to over timeobtain property is the very thing that keeps him out of society--his being a phenomenon.

NEW QUESTION: 4 All the research and development department users are members of a distribution group named rdev. Rdev receives an average of 2,000 email messages daily.You need to ensure that email sent to the rdev distribution group meets the security requirements forconfidential email. The solution must minimize administrative effort.What should you do?**A.** Create a transport rule that filters based on keyword predicates.**B.** Create mail contacts for users without security clearance.**C.** Create linked mailboxes for users without security clearance.**D.** Edit the distribution group properties and enable moderation of the group.
Answer: A Explanation:ExplanationActions in mail flow rules (also known as transport rules)

specify what you want to do to messages that match conditions of the rule.References: https://technet.microsoft.com/en-us/library/aa998315(v=exchg.160).aspx
