100% singup free demo, Detailed VCS-285 Questions Pdf, In addition, VCS-285 training materials of us are high quality, they contain both questions and answers, and it's convenient for you to check answers after practicing.

Then enrolled in our preparation suite and get the VCS-285 Valid Braindumps Free perceptively planned actual Dumps in two accessible formats, PDF and preparation software, The contents of VCS-285 exam training material cover all the important points in the VCS-285 actual test, which can ensure the high hit rate.

NEW QUESTION: 1

通常のコールフローに関連するインタラクションに含まれる3種類のデータはどれですか？**A.** 通話の開始時刻**B.** チャンネル**C.** エージェント名**D.** 連絡先名**E.** サービスリクエストの作成日

Answer: C,D,E

NEW QUESTION: 2

Auto Scalingグループを設定しました。Auto Scalingグループのクールダウン時間は7分です。Auto Scalingグループの最初のスケールリングアクティビティリクエストは、2つのインスタンスを起動することです。時間「t」にアクティビティの質問を受け取り、最初のインスタンスはt + 3分に起動され、2番目のインスタンスはt + 4分に起動されます。Auto

Scalingは、時間「t」から何分後に別のスケールリングアクティビティリクエストを受け入れますか？**A.** 10分**B.** 7分**C.** 11分**D.** 14分**Answer: C**
Explanation:ExplanationIf an Auto Scaling group is launching more than one instance, the cool down period for each instance starts after that instance is launched. The group remains locked until the last instance that was launched has completed its cool down period. In this case the cool down period for the first instance starts after 3 minutes and finishes at the 10th minute (3+7 cool down), while for the second instance it starts at the 4th minute and finishes at the 11th minute (4+7 cool down). Thus, the Auto Scaling group will receive another request only after 11 minutes.

NEW QUESTION: 3

Click to expand each objective. To connect to the Azure portal, type <https://portal.azure.com> in the browser address bar. When you are finished performing all the tasks, click the 'Next' button. Note that you cannot return to the lab once you click the 'Next' button. Scoring occur in the background while you complete the rest of the exam. Overview The following section of the exam is a lab. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task. Labs are not timed separately, and this exam may have more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able

to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. To start the lab you may start the lab by clicking the Next button. You plan to protect on-premises virtual machines and Azure virtual machines by using Azure Backup. You need to prepare the backup infrastructure in Azure. The solution must minimize the cost of storing the backups in Azure. What should you do from the Azure portal? **Answer:** Explanation: See solution below. Explanation: First, create Recovery Services vault. Step 1: On the left-hand menu, select All services and in the services list, type Recovery Services. As you type, the list of resources filters. When you see Recovery Services vaults in the list, select it to open the Recovery Services vaults menu. Step 2: In the Recovery Services vaults menu, click Add to open the Recovery Services vault menu. Step 3: In the Recovery Services vault menu, for example, Type myRecoveryServicesVault in Name. The current subscription ID appears in Subscription. If you have additional subscriptions, you could choose another subscription for the new vault. For Resource group select Use existing and choose myResourceGroup. If myResourceGroup doesn't exist, select Create new and type myResourceGroup. From the Location drop-down menu, choose West Europe. Click Create to create your Recovery Services vault. References: <https://docs.microsoft.com/en-us/azure/backup/tutorial-backup-vm-at-scale>

NEW QUESTION: 4 Drag and drop the Firepower Next Generation Intrusion Prevention System detectors from the left onto the correct definitions on the right. **Answer:** Explanation: Explanation Reference: <https://www.cisco.com/c/en/us/td/docs/security/firepower/640/configuration/guide/fpmc-configguide-v64/detecti>
