Choose two.)**A.** Enable permission inheritance on the User1 user account.**B.** Disable permission inheritance on the User1 user account.**C.** Install a trusted root certificate on the Windows Phone device.**D.** Create a new mobile device mailbox policy.**E.** Modify the Exchange ActiveSync policy that applies to User1's mailbox.**Answer: A,E****Explanation:**HTTP 500 ERROR MESSAGE The Web server (running the Web Site) encountered an unexpected condition that prevented it from fulfilling the request by the client (e.g. your Web browser or our CheckUpDown robot) for access to the requested URL.**B** Simply check include inheritable permissions from this object's parent. modify the existing policy. It appears that Exchange ActiveSync for User 1's mailbox may not be enabled. Use the EAC to enable or disable Exchange ActiveSync. In the EAC, navigate to Recipients > Mailboxes. In the list of user mailboxes, click the mailbox that you want to enable or disable Exchange ActiveSync for, and then click Edit. On the mailbox properties page, click Mailbox Features. Under Mobile Devices, do one of the following: To disable Exchange ActiveSync, click Disable Exchange ActiveSync. A warning appears asking if you're sure you want to disable Exchange ActiveSync. Click Yes. To enable Exchange ActiveSync, click Enable Exchange ActiveSync. Click Save to save your change. Exchange ActiveSync mailbox policies control how users use and synchronize their mobile devices in your organization. When you change an Exchange ActiveSync device policy, it affects all users whose mailbox is associated with that policy. The policy you set as the default automatically affects all users in the organization except those you have explicitly assigned different device policies to. Not all mobile devices support all the Exchange ActiveSync policy settings. If a policy setting isn't supported on a particular device, the device may not apply the setting. You can control whether devices that don't support specific policies are allowed to connect in the General settings for the policy.
