NEW QUESTION: 1 _____ feature in Server Load Balancer means that it can forward the access requests from a single user to the same ECS instance within a certain period to ensure session continuity.**A.** Weighted Round Robin**B.** session persistence**C.** health check**D.** least connections scheduling**Answer: B**

NEW QUESTION: 2An administrator wants to minimize the load caused by virtual desktop traffic In order to maximize performance on an excessively taxed infrastructure Which type of business challenge is the administrator faced with?**A.** Security**B.** Availability**C.** Management**D.** Application**Answer: A**

NEW QUESTION: 3Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time. When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task. Labs are not timed separately, and this exam may have more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. You may now click next to proceed to the lab. WebDev01 is used only for testing purposes. You need to reduce the costs to host WebDev01. What should you modify? **NOTE:** To answer this question, sign in to the Azure portal and explore the Azure resource groups.**A.** the properties of the storage account**B.** the disk type of WebDev01**C.** the storage type of the storage account**D.** the networking properties of WebDev01**Answer: C****Explanation:**Explanation The storage type can be changed to Block blobs to save money. **References:**<https://azure.microsoft.com/en-us/pricing/details/storage/>
