We are offering multiple benefits for all the **Free 212-81 Download Pdf** ECESs who are trying to pass the certification exams in the first attempt.

**NEW QUESTION: 1**A 52-year-old client is scheduled for a small-bowel resection in the morning. In conjunction with other preoperative preparation, the nurse is teaching her diaphragmatic breathing exercises. She will teach the client to:**A.** Take a large gulp of air into the mouth, hold it for 10-15 seconds, and then expel it through the nose. Repeat 4-5 times to complete the series **B.** Inhale slowly and deeply through the nose until the lungs are fully expanded, hold the breath a couple of seconds, and then exhale slowly through the mouth. Repeat 2-3 more times to complete the series every 1-2 hours while awake**C.** Purse the lips and take quick, short breaths approximately 18-20 times/min**D.** Inhale as deeply as possible and then immediately exhale as deeply as possible at a rate of approximately 20-24 times/min**Answer: B****Explanation:**(A) This is the correct method of teaching diaphragmatic breathing, which allows full lung expansion to increase oxygenation, prevent atelectasis, and move secretions up and out of the lungs to decrease risk of pneumonia. (B) Quick, short breaths do not allow for full lung expansion and movement of secretions up and out of the lungs. Quick, short breaths may lead to O2 depletion, hyperventilation, and hypoxia. (C) Expelling breaths through the nose does not allow for full lung expansion and the use of diaphragmatic muscles to assist in moving secretions up and out of the lungs. (D) Inhaling and exhaling at a rate of 20-24 times/min does not allow time for full lung expansion to increase oxygenation. This would most likely lead to O2 depletion and hypoxia.

**NEW QUESTION: 2**To estimate the costs of a new project that is similar to a project that was implemented last year, the project manager meets with a group of experts from the previous project The group uses a three-point estimating technique The project manager submits the estimated budget to the project sponsor for approval The project sponsor, who is new to the company, is concerned because the budget exceeded their expectations What should the

project manager do?**A.** Use soft skills to convince the project sponsor to approve the new budget estimate**B.** Review the historical information and lessons learned from last year's project to justify the new budget estimate**C.** Change the budgeting technique to a more accurate, bottom-up cost estimation.**D.** Review the organizational process assessment to determine if a contingency reserve was considered in the budget estimate**Answer: A**

**NEW QUESTION: 3**What are three key points a customer must consider when establishing a Three Data Center (3DC)Business Continuity Solution)? (Choose three.)**A.** The customer must decide the link type and performance between the local and distant USP.**B.** The customer must decide which type of 3DC to install.**C.** The customer must decide the type and number of Parity Groups necessary to obtain the size andperformance of the Journal Groups.**D.** The customer must decide the size of the metadata area on each journal volume.**E.** The customer must decide the ratio of metadata to real data on each journal volume.**Answer: A,B,C**

**NEW QUESTION: 4**S is employed within the accounting function of a small company. Due to the size of the company, there are not enough resources for separate accounting functions so S is responsible for both management and financial accounting tasks. As the company is so small there is no requirement for audit. However it does make use of the services of an external certified accountant for statutory accounting and taxation services. According to Mintzberg, in which part of the organisation does the external accountant belong?**A.** Support staff**B.** Operating core**C.** Strategic apex**D.** Technostructure**Answer: A**
