NEW QUESTION: 1Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time. When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task. Labs are not timed separately, and this exam may have more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. You may now click next to proceed to the lab. Lab information Use the following login credentials as needed: To enter your username, place your cursor in the Sign in box and click on the username below. To enter your password, place your cursor in the Enter password box and click on the password below. Microsoft 365 Username: [\[email protected\]](#) Microsoft 365 Password: 3&YWyjse-6-dlf the Microsoft 365 portal does not load successfully in the browser, press CTRL-K to reload the portal in a new browser tab. The following information is for technical support purposes only: Lab Instance: 10887751 You plan to create 1,000 users in your Microsoft 365 subscription. You need to ensure that all the users can use the @contoso.com suffix in their username. Another administrator will perform the required information to your DNS zone to complete the operation. **Answer:** Explanation: You need to add the contoso.com domain to Microsoft 365 then set the domain as the default. 1. In the Admin Center, click Setup then click Domains. 2.

Click the 'Add Domain' button.3. Type in the domain name (contoso.com) and click the 'Use this domain' button.4. The question states that another administrator will perform the required information to your DNS zone. Therefore, you just need to click the 'Verify' button to verify domain ownership.5. Click Finish.6. In the domains list, select the contoso.com domain.7. Select 'Set as default'.References:
