Stimuli of final aim.

**NEW QUESTION: 1** Using the default modular policy framework global configuration on the Cisco ASA, how does the Cisco ASA process outbound HTTP traffic? **A.** HTTP flows are not permitted through the Cisco ASA, because HTTP is not inspected by default. **B.** HTTP outbound traffic is permitted, but all return HTTP traffic is denied. **C.** HTTP flows match the inspection\_default traffic class and are inspected using HTTP inspection. **D.** HTTP flows are statefully inspected using TCP stateful inspection. **Answer: D** Explanation: [http://www.cisco.com/en/US/docs/security/asa/asa84/configuration/guide/intro\\_intro.html#wp1128055](http://www.cisco.com/en/US/docs/security/asa/asa84/configuration/guide/intro_intro.html#wp1128055)

**NEW QUESTION: 2** A queued call has reached the maximum wait time configured for a Cisco Unified Communications Manager native call queue. Which statement about what happens to this queued call is true? **A.** Calls are handled according to the When Queue Is Full settings on the Hunt Pilot Configuration page. **B.** Calls are handled according to the When Maximum Wait Time Is Met settings on the Hunt Pilot Configuration page. **C.** Calls are handled according to the Not Available Hunt Option settings on the Line Group Configuration page. **D.** Calls are handled according to the When Maximum Wait Time Is Met settings in Cisco Unified Communications Manager Service Parameters. **E.** Calls are handled according to the Forward Hunt No Answer settings on the Hunt Pilot configuration page. **Answer: B** Explanation: There are three main scenarios where alternate numbers are used: When queue is full Call Queuing allows up to 100 callers to be queued per hunt pilot (the maximum number of callers allowed in queue on a hunt pilot page). Once this limit for new callers been reached on a particular hunt pilot, subsequent calls can be routed to an alternate number. This alternate number can be configured through the Hunt Pilot configuration page (through the "Destination When Queue is Full" settings). When maximum wait time is met Each caller can be queued for up to 3600 seconds per hunt pilot (the maximum wait time in queue). Once this limit is reached, that caller is routed to an alternate number. This alternate number can be configured through the Hunt Pilot configuration page (through the "Maximum wait time in queue" settings). When no hunt members are logged in or registered In a scenario where none of the members of the hunt pilot are available or registered at the time of the call, hunt pilot configuration provides an alternate

number field (through the "When no hunt members are logged in or registered" settings) where calls can be routed. For Call Queuing, a hunt pilot member is considered available if that member has both deactivated do not disturb (DND) and logged into the hunt group. In all other cases, the line member is considered unavailable or logged off. Reference:

**NEW QUESTION: 3** When you place DWF markups on a sheet view as an import symbol, you can modify their position and manipulate them. **A. True B. False** **Answer: B**

**NEW QUESTION: 4** Which yum command will you use if you want to find out the name of the package that has the /etc/sysconfig/nfs file? **A. # yum info /etc/sysconfig/nfs B. # yum search /etc/sysconfig/nfs C. # yum check /etc/sysconfig/nfs D. # yum list installed | grep /etc/sysconfig/nfs** **Answer: D** **Explanation:** yum list installed [glob\_exp1] [...] List the packages specified by args. If an argument does not match the name of an available package, it is assumed to be a shell-style glob and any matches are printed. **Incorrect:** Not A: info is used to list a description and summary information about available packages Not B: search This is used to find packages when you know something about the package but aren't sure of its name. By default search will try searching just package names and summaries, but if that "fails" it will then try descriptions and url. Not D: check Checks the local rpmdb and produces information on any problems it finds.
