You only need to review according to the content of our Secure-Software-Design practice quiz, no need to refer to other materials.

**NEW QUESTION: 1** Which tape backup option is supported for migration from a POWER6 520 with a SCSI attached external LTO-3 tape drive to a POWER8 S814, and is read compatible with LTO-3? **A.** Migrate the SCSI adapter to the S814 and attach it to an existing LTO-3 tape drive. **B.** Add an SAS adapter and external LTO-5 tape drive. **C.** Add an SAS adapter and external LTO-6 tape drive. **D.** Add an internal LTO-4 tape drive in the CE **Answer: D**

**NEW QUESTION: 2** **A.** Option D **B.** Option C **C.** Option B **D.** Option A **E.** Option F **Answer: B, C** **Explanation:** B: The CRL is exactly what its name implies: a list of subscribers paired with digital certificate status. The list enumerates revoked certificates along with the reason(s) for revocation. The dates of certificate issue, and the entities that issued them, are also included. In addition, each list contains a proposed date for the next release. When a potential user attempts to access a server, the server allows or denies access based on the CRL entry for that particular user. C: If federation cannot be implemented and the external organization cannot implement their own AD RMS infrastructure, hosting the user accounts can be the best option. However, the cost of managing such accounts (for both the IT department and each user) must be considered. In this case, the users will need to be authenticated by a domain controller.

**NEW QUESTION: 3** **A.** Option D **B.** Option C **C.** Option B **D.** Option A **E.** Option F **G.** Option H **H.** Option I **I.** Option J **J.** Option K **Answer: B**

**NEW QUESTION: 4** Which of the following occurs when employees stop working and stay in the building? **A.** Wildcat strike **B.** Lockout **C.** Strike **D.** Sit-down strike **Answer: D** **Explanation:** Answer option D is correct. A sit-down strike occurs when employees stop working and stay in the building. This is considered as an unlawful strike. Answer option A is incorrect. A strike occurs when the union decides to stop working. Answer option B is incorrect. A lockout occurs when management shuts down operations to keep the union from working. Answer option C is incorrect. A wildcat strike occurs in violation of a contract clause prohibiting strikes during the term of the contract. Chapter: Employee and Labor Relations Objective: Union Organization
