From the above, we can see how important the UiPath-ABAv1 certification is.

**NEW QUESTION: 1**How is internet access provided to a WAN edge router that is connected to a MPLS transport link?**A.** Internet access must be provided at the WAN Edge router through either a 4G/5G link or local Internet circuit**B.** OMP advertises a default route from a WAN Edge router that is connected to the MPLS and internet transport networks**C.** An extranet must be provided in the MPLS transport network to allow private traffic to reach the public internet**D.** TLOC extensions are used to route traffic to a WAN Edge router that is connected to the Internet transport network**Answer: D**

**NEW QUESTION: 2**In reference to express card types (e.g. Express Card 34 and Express Card 54), which of the following BEST describes what the numbers indicate?**A.** Number of available communication channels**B.** Size of the memory allocation**C.** The IEEE specification that it originated from**D.** Size of the expansion slot**Answer: D****Explanation:**Reference. <http://www.entusiastpc.net/articles/00003/>

**NEW QUESTION: 3**You are a consultant hired to implement Profile Management. One of the requirements is to track the previous employment information for workers, including employer name, dates of employment, and job description. However, it is not required to set up and maintain content items for each employer, and this information applies only to person profiles. What four actions should be taken?**A.** adding the content type to the HRMS content subscriber code**B.** granting access to HR specialists only to update the content section**C.** creating a free-form content type**D.** adding the content type to the Person profile type**E.** creating a non free-form content type**F.** granting access to employees and managers to update the content section**G.** granting access employees, managers, and HR specialists to update the content section**Answer: A,C,D,G****Explanation:**B: Content types are the skills, qualities, and qualifications that you want to track in talent profiles. The content library contains predefined content types such as competencies, languages, and degrees, but you can create new content types as needed. You can also create free-form content types.Content types contain:\*Properties \*Relationships\*SubscribersB, C: Setting Up a Free-Form Content TypeD: Note that free-form content types do not contain relationships and do not contain properties until you add them to

a profile type. Employees, managers, and HR specialists should all have access to update the content section. Note: Profile management provides a framework for developing and managing talent profiles that meet your industry or organizational requirements. Profiles summarize the qualifications and skills of a person or a workforce structure such as a job or position. Profiles are valuable for tracking workers' skills, competencies, and accomplishments, and for various talent management activities, such as career planning, identifying training needs, performance management, and in the recruitment process for identifying job requirements and suitable applicants.
