Answer: A

NEW QUESTION: 3**A.** Option **A****B.** Option **C****C.** Option **D****D.** Option **E****E.** Option **B****Answer: B,C**

Explanation:ExplanationBusiness RoadmapThe value of a business architecture approach is the creation of a business roadmap. The business roadmap establishes the plan that enables the business to transform from its current business state to its target business state. Throughout the business-led engagement, the Cisco Business Architect works with the customer to align business priorities with business outcomes. This alignment is done by defining the business capabilities and business solutions.The business roadmap aligns business priorities and solutions to deliver business capabilities. An implementation timeline is established that is based on the importance of the priority and the business outcomes.
