**NEW QUESTION: 1**Which of the following pooled investments is most likely to make a few large investments?**A.** Buyout funds.**B.** Exchange traded funds.**C.** Hedge funds.**Answer: A****Explanation:** Buyout funds are interested in shares of a public company. They then convert the company into a private one, restructure the company, and in a few years try to sell it to other investors.

**NEW QUESTION: 2****A.** Option **A****B.** Option **D****C.** Option **C****D.** Option **B****Answer: B****Explanation:**The exhibit shows that Site2 does not have a PDC emulator. This is important because of the close interaction between the RID operations master role and the PDC emulator role The PDC emulator processes password changes from earlier-version clients and other domain controllers on a best-effort basis; handles password authentication requests involving passwords that have recently changed and not yet been replicated throughout the domain; and, by default, synchronizes time. If this domain controller cannot connect to the PDC emulator, this domain controller cannot process authentication requests, it may not be able to synchronize time, and password updates cannot be replicated to it.
