Top ADX-201E Authorized Pdf Free PDF | High Pass-Rate ADX-201E Knowledge Points:

Lightning Experience Administrative Essentials for New Admins Extended

We have received many good feedbacks of the ADX-201E exam dumps, With the help of ADX-201E exam dumps it becomes easy for you to sail through your exam, Before you buying [CCAK Reliable Test Questions](#) our Lightning Experience Administrative Essentials for New Admins Extended practice materials, there are many free demos for your experimental use.

We are so proud that we have a lot of regular [Lightning Experience Administrative Essentials for New Admins Extended](#) customers all over the world now, Passing the test certification can prove your outstanding major ability in some area and if you want to pass the test smoothly you' d better buy our ADX-201E study materials.

We have three versions of ADX-201E guide materials available on our test platform, including PDF, Software and APP online, Our ADX-201E updated torrent almost covers all of the key points and the newest question types in the actual exam.

We have always been attempting to help users from getting undesirable results with ADX-201E study guide: Lightning Experience Administrative Essentials for New Admins Extended, which is the reason why we invited a group of professional experts dedicated to compile the most effective and accurate ADX-201E dumps torrent questions for you.

But obtaining this ADX-201E certificate is not an easy task, especially for those who are busy every day, Our Photoexperienceacademy IT experts team will timely provide you the accurate and detailed training materials about Salesforce certification ADX-201E exam.

NEW QUESTION: 1 Which two statements are true regarding SCCP? (Choose two.)
A. Endpoints and gateways maintain the dial plan.
B. SCCP requires each endpoint or gateway event to be communicated to Cisco Unified Communications Manager.
C. SCCP may interoperate with H.323 endpoints if it is implemented with Cisco Unified Communications Manager.
D. SCCP uses hex messages for communication.
E. Endpoints can operate autonomously if communication with Cisco Unified Communications Manager is lost.
Answer: B,C
Explanation: The Skinny client (i.e. an Ethernet Phone) uses TCP/IP to transmit and receive calls. Skinny messages are carried above TCP and use port 2000. Cisco IP Phones that use SCCP can coexist in an H.323 environment. When used with CUCM, the SCCP client can interoperate with H.323-compliant terminals. The client communicates with the CUCM using TCP/IP-based communication to establish a call with another H.323-compliant end station. Once the CUCM has established the call, the two H.323 end stations use connectionless UDP/IP-based communication for audio transmissions. The CUCM acts as a proxy by processing all H.323 and SIP transactions. This allows the IP Phone to process the VoIP RTP data stream.
