<https://docs.microsoft.com/en-us/exchange/email-addresses-and-address-books/email-address-policies/email-address-policies?view=exchserver-2019> Email address policies define the rules that create email addresses for recipients in your Exchange organization. The basic components of an email address policy are: \* Email address templates: Define the email address format for the recipients (for example <firstname>@contoso.com or <lastname>.<firstname>@contoso.com). \* Recipient filter: Specifies the recipients whose email addresses are configured by the policy. \* Priority: Specifies the order to apply the email address policies (important if a recipient is identified by more than one policy). The EmailAddressPolicyEnabled parameter specifies whether to apply email address policies to this recipient. Valid values are: \* \$true: Email address policies are applied to this recipient. This is the default value. \* \$false: Email address policies aren't applied to this recipient.
